

YOUTH SERVICES NARRATIVE

JANUARY 2019

General Updates

January was a quiet programming month, as we prepare for our Tenth Annual Go-Fore Golf Fundraiser and the 3rd Legopalooza at Wrightsdale Baptist.

We had our first STEM Saturday sponsored by Agilent Technologies, and I think Mr. Bob and the volunteers had as much fun with the periscopes as the kiddos!

Collection

With the help of an eagle-eyed volunteer, we are moving steadily through the evaluation of the children's non-fiction and research collection. We are removing items that are damaged, as well as items that contain out of date information.

Outreach – Visits & Tours

I visited Shining Stars with some dinosaur stories.

I'm also working on scheduling the preschool tours for March and April, where I give out the books purchased using the funds raised at the auction. I have 300 books to give away!

The Quarryville Library is taking part in the third Legopalooza event in February, so we're sorting legos in preparation! Other partners include Wrightsdale Baptist (where the event is located), Solid Rock Youth Ministries, Oxford Public Library, and Elizabethtown Public Library. The legos are packed, the clues are ready, and we're ready to go!

Outreach – Classroom Kits and Book Bins

Willow Street Preschool has its sixth bin, and Qville Head Start is between bins at the moment.

Linville Hill 4th grade is between kits, but have already requested their fifth one. The sixth grade is still on its second.
